

JVC Professional's new CCTV products

JVC Professional Europe Ltd. is pleased to announce six new additions to our wide range of surveillance products that feature new Super LoLux™ technology to deliver precise colour reproduction under virtually zero light conditions. In addition, the new cameras are very eco-friendly, using much less power than conventional CCTV cameras.

TK-C9200E / TK-C9201EG - 1/3" CCD Easy Day/Night Video Camera

Substantially-improved image quality, 580TVL and 52dB S/N ratio
Super LoLux sensitivity min 0.05 lx (F1.2, 50%) colour mode and 0.03 lx at B&W mode
3D noise reduction and up to 128x of slow shutter, allowing for clear, crisp images
Approx. 40% lower power consumption than conventional models.

TK-C9300E / TK-C9301EG - 1/3" CCD True Day/Night Video Camera

TK-C9300E / TK-C9301EG includes TK-C9200E / TK-C9201EG features plus:

True Day/Night with mechanical IR filter
Super LoLux sensitivity min 0.05 lx (F1.2, 50%) colour mode and 0.006 lx at B&W mode
