Description

**HDD and Blu-ray Recorder Combo Deck with SD Card Slot.
Compatible with AVCHD, HDV and DV Camcorders.**

JVC is proud to introduce the SR-HD1250, the world's first* professional HD combo deck featuring a Blu-ray recorder, 250GB HDD, and SDHC compatible SD card slot. The SR-HD1250 is ready to import recordings from high-definition camcorders compatible with AVCHD, HDV and DV to facilitate the creation of recordings in full HD format. Once footage is imported onto the deck's 250GB HDD from a variety of media and interfaces, HD content can be edited, archived and/or dubbed onto Blu-ray discs or down converted onto DVDs. The entire BD or DVD disc can be recorded using the Entire Disc Dubbing. High-speed Dubbing enables for quick duplication of original HD content. The SR-HD1250 is ideal for videographers who need to compile footage used in sports coaching or even religious services. This unique combo deck is also highly suitable for other applications such as business meetings, education, small-scale production, weddings, etc., as it provides high quality, speed, and convenience in one handy package.
